

Welcome to the Santa Barbara Amateur Radio Club Swapnet

Sponsored by:
SBARC The Santa Barbara Amateur Radio Club www.sbarc.org
RDARA The Reg Dawe Amateur Radio Association www.w6hut.net

This list is read weekly on 146.79 (-) pl 131.8 on Wednesday @ 2000 hours.
Also linked are the 223.92 and 224.08 repeaters,
with a 1.6 MHz. offset and a PL of 131.8 Hz..

This list is compiled and maintained by Dave K6HWN
For additions, subtractions or modification of your listing,
Please contact Dave anytime at (805) 898-0644

Please contact the person who listed the item directly. If no contact information
is given, please contact Dave and he will do his best to get you and the item together.

The listings will now run for at least one month, and thereafter, if we do not hear from the listing party, the listing will be removed. You may apply for a number of extensions thereto but we just need to hear from you once a month so as to be sure the listings will remain current. Each listing will contain a number and a date which will allow us to keep track of the situation. Some listings that represent a continuing offer will remain on the list until they are removed. Also, be sure to let us know if you decide to change the details such the asking price and so forth.

The older listings as below, that is, those without a number and date may represent listings that are out of date and consequently the items listed or wanted may no longer be available or needed. They will be removed shortly if we do not hear from the listing parties **SOON !!!**
